### VINEYARDS

*The grapes that origin this wine came from the vineyards of Quinta de Pancas located in Alenquer. The vineyards are spread on a chain of hills and valleys protected by "Montejunto" mountains . The soils are fine textured, neutral and clay-calcareous. The climate is Mediterranean with Atlantic influence . The Arinto grapes came from the plot 27 which is planted on the slopes, the Chardonnay came from the plots 26 and 29, grown in terraced vineyards and the Vital variety came from plot 26. These plots are facing northeast with NS orientation, which implies a lower sun exposure, translating into slower maturation and fresher wines.*
